To: the Director of the Italian Agency for Development Cooperation

C/O . Dr.Vincenzo Racalbuto

**Subject : Community Awareness and
Participation Program**

Greetings,

I am glad that Italian Cooperation intends to extend its programme in Sudan to include Family Medicine, malnutrition and epidemiological surveillance in the period 2017-2020 .

Within the frame work of these programme we believed that development with Federal Ministry of Health a parallel community awareness/information and participation programme will increase the impact of these programmes .

Looking for your agreement for this programmes.

I take the opportunity to express my gratitude to the Italian cooperation.

Thanks & Best Regards,

Dr. Elfatih M.Malik

D.G. Planning & International Health

FMOH. - Kh. Sudan
